TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 1(c) Other: Based on Applicant's amendment to claim 1, and having already indicated elected SEQ ID NO:17 was free of the art (see Office action mailed 04/24/2009), the examiner was prepared to search the additional, non-elected SEQ ID NO:18, since claim 1 now requires at least one of these two primer sequences. Therefore, if SEQ ID NO:18 were also free of the art, the claims would all be free of the art. However, the examiner discovered that SEQ ID NOs 17 and 18 are currently the same sequence. The paper sequence listing originally submitted with the application (on 03/23/2005) listed distinct sequences for SEQ ID NOs 17 and 18. However, on 06/16/2006, a replacement sequence listing was filed, wherein the sequence indicated as SEQ ID NO:17 became the same sequence as that indicated for SEQ ID NO:18. The sequence listing submitted 10/23/2009 also shows the same sequence for SEQ ID NO:17 and 18. Clearly this is not Applicant's intent. Applicant is advised to either cancel SEQ ID NO:18 from the claims, or else submit a substitute sequence listing to change SEQ ID NO:17 back to its original sequence. The examiner cannot complete the search for what was originally indicated as SEQ ID NO:17 until a substitute sequence listing, computer-readable form, and statement as required by 37 CFR 1.821(f) are submitted.
